

Tried and True Houseplants

Pothos (Epipremnum)

Variety - Marble Queen

- ◇ Fast growing and easy to propagate!
- ◇ Medium to bright indirect light is best, but can adapt to lower light
- ◇ Water when soil is 50% dry

Chinese Evergreen (Aglaonema)

Variety - Cutlass

- ◇ Beautiful, easy care houseplant with hundreds of different varieties and colorations!
- ◇ Medium to bright indirect light is best, but these plants will thrive even in very low light conditions
- ◇ Water when soil is 50% dry

Snake Plant (Sansevieria)

Variety - Whitney

- ◇ Best houseplant for reducing allergens and indoor air pollutants!
- ◇ Can tolerate a range of lighting conditions from low light to full sun, but does best in indirect sunlight
- ◇ Water when soil is 75-80% dry

ZZ Plant (Zamioculcas zamiifolia)

Variety - Lucky (round leaf)

- ◇ Extremely adaptable houseplant with very low watering needs
- ◇ Medium to bright indirect light is best, but this plant will do fine in direct light and very low light areas too
- ◇ Water when soil is 80-100% dry

Monstera Deliciosa

- ◇ Gorgeous, easy care houseplant to fill a large space - don't be fooled by the adorable 4" size!
- ◇ While this plant can tolerate almost any lighting, it will look its best and grow faster in bright indirect sunlight
- ◇ Water when soil is 50-75% dry
